

# ACCEPT CREDIT CARD PAYMENTS

## Without the Hassles

As a small business operator, the availability of cash and maintaining strong cash flow may be your single biggest business concern. Poor cash flow often results in undesirable situations like needing to borrow from banks, establish credit lines, carrying high interest credit card debt, missing special purchasing options and making poor business decisions.

myServiceForce.com's myServiceCC is the answer. With the assistance of TransFirst, our processing partner, we have developed an inexpensive program for members of myServiceForce.com. Because of the size of our user base we are able to act as a single, very large company, to negotiate the lowest swipe rates in the industry. This ensures that you keep the largest portion of your payments possible, while eliminating the headaches, costs and administrative burden of traditional billing methods.
